

CITROËN C4 PICASSO

CRÉATIVE TECHNOLOGIE

The CITROËN C4 Picasso is the bundle of joy every new family deserves; it's stylish and technologically advanced, yet super practical. It's a 5-seater that has it all; it drives like a hatch, has the practicality of a wagon and the easy entry of an SUV, but has that sporty-hatch look with its hatch raked roofline and clamshell tailgate. This is the vehicle for the family with panache.

CITROËN's Créative Technologie is everywhere you look; from the stunning 3D taillights that come straight from our latest concept cars, to our spectacular touch-sensitive and intuitive instrument panel. The instrument panel is the essence of Créative Technologie. Everything is designed to make your journey safer and easier, so you can relax and enjoy it. The intuitive 7-inch touch screen interface has seven touch-sensitive buttons, which provide direct access to key functions. And the fully customizable 12-inch panoramic HD screen displays the details you need to make the drive enjoyable, including navigation information. You can even upload personalised wallpaper via USB.

Parking while the kids are being 'boisterous'? No problem, thanks to the intuitive Park Assist system. It detects a suitable parking space, (parallel or reversing) and guides the vehicle in perfectly, every time.

The up front passenger has an electrically controlled footrest⁽¹⁾, so you lay back with your feet up, and both front seats include electric lumbar support with a massaging function⁽¹⁾.

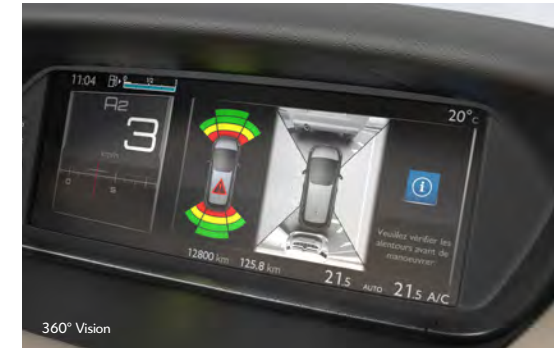

Rear passenger comfort is also exceptional, with LED⁽²⁾ lights above the tray tables, and independent sliding and reclining on each seat. And with three ISOFIX points with top tether anchors, you can fit up to 3 child seats.

If you have a young family, you'll want to get them in the C4 Picasso, and if you don't have a family yet—it's the perfect reason to start one.

⁽¹⁾ Option with Half Leather or Full Nappa Leather Trim

⁽²⁾ Option with Full Nappa Leather Trim
